# Company Profile

## Who is Globalis International?

Globalis International specializes in providing multilingual printing, banking and software solutions to Public and Private sectors organizations in the Middle East and Africa. Inspired by a young innovative vision, Globalis develops state of the art products that have built their reputation throughout the years.

Globalis builds on two decades of market expertise in the Arabization technology born under the renowned Alis Technologies platform, a pioneer in this field. Globalis commitment to product innovation and market presence is the company's highest priority since its creation.

Today, Globalis is considered as a reference in the multilingual and multi-technology IT industry in the MEA region.

## Globalis Portfolio

Globalis has expanded its product portfolio to bring complementary value to its offer and address new markets in printing and banking equipment.

- Printers: Globalis 2006 portfolio of bilingual printers includes: Dot Matrix, Line Matrix, Laser, Continuous Laser, Thermal and Transactional printers.
- Financial: Globalis Banking solutions comprise a high performance range of ATM models (Lobby, through-the-wall) as well as banknote counter and counterfeit notes detector.
- Software: Globalis proposes a unique intelligent E-form Software solution with true bilingual support, bilingual terminal emulators, and Laser Arabization Modules.
- Consumables: Globalis offers a variety of high quality consumables for Globalis printers and other printers' brands.

## About Media Sciences

Media Sciences is the leading independent manufacturer of solid ink sticks and color toner cartridges for office color printers. Media Sciences products are the generic alternative to the printer manufacturer's brand. Media Sciences' high quality products provide customers with the ability to reduce their total cost of operation of their color workgroup printers, while retaining the high quality that these printers are designed to produce.

Media Sciences is headquartered in northern New Jersey and is publicly traded on the American Stock Exchange under the symbol GFX.

## Globalis & Media Sciences: A Winner Partnership!

Last year, Globalis became a partner with Media Sciences to offer quality, value and a choice of compatible consumables in the MEA markets. The products are offered under Globalis brand and cover a wide range of printer technologies that includes consumables from the company printers range as well as for some popular brand printers. These new consumables offer a breakthrough in the compatible market for their high quality and guarantee manufacturing.

# Selling Points

## **Globalis Genuine Consumables Product Line**

Globalis offers high quality genuine consumables for various print technologies that are guaranteed from original manufacturers for traditional printer ranges. These ranges of consumables include:

- Ribbons for Line printers
- Ribbons for Dot Matrix and Transactional printers
- Toners for Globalis Laser printers (monochrome and colour)
- Consumables for Thermal printers

## **Color Consumables Generic Product Line**

Globalis also offers a long list of new manufactured consumables for the Color Printer market with unique selling points:

- New manufactured products in USA or under USA license (not refurbished or refilled)
- Not infringing any patents owned by manufacturers
- Stable production and high consistent quality products
- Complete warranty that backs the printer and their use in intended printer models
- Value choice for the end user with saving up to 30%
- Growing product line
- Long-term commitment

## **Some facts**

- Color is now the standard for customer and an important internal communication vehicle
- Customers are looking to reduce their cost of ownership without compromising on quality
- The color laser supplies market represents today more than 3 billion dollars. This market will grow by more than 20% per year over the next years. It is expected that more than 30% of this market will be dominated by Generic Consumables.
- Globalis, through its partnership with Media Sciences, offers the widest range of generic, high quality consumables for color laser market. The product line differentiates from any other solution by being 100% new manufactured supplies with 100% guarantee of result.

## **Benefits of Globalis Consumables**

- High quality products
- Saving up to 30% over the original printer manufacturers brand
- Complete warranty that backs the products and their use in intended printers. This ensures that a customer has no risk when he tries or uses Media Sciences products.
