PR4 DR

Specialized Printer

A three-station dot matrix printer, for individual forms and two paper rolls.

The first station, with an automatic tear bar, is used to **print receipts**, the second station **prints the journal** and the third station **prints transaction slips**, inserted from the top or the front.
Applications

> **The PR4 DR can handle any type of transaction:** receipts, sales forms, coupons, tickets, credit-card forms, cheques, invoices, withdrawal and deposit slips, currency exchange receipts.

> And if required, it will record the details of each transaction in a daily journal (complete with key).

Product Performance

> The PR4 DR printer offers advanced capabilities, outstanding productivity in printing and paper management.

> Low noise level and high operating speed that makes it a top performer in its market class.

> Prints on individual forms inserted from the front or the top of the machine and on two rolls.

> The capabilities of the PR4 DR make it the highest performing printer in its product class.

> Reads CMC7 and E13B code lines for rapid cheque processing and can be fitted with a multi-function board for direct management of two drawers and a customer display.

Automatic Management of Supplies

> With the PR4 DR, **cashdesk operations**, including replacement of supplies – paper rolls, ribbon cartridge – are quick and easy. This is because the PR4 DR ensures **safety and autonomy** at all times.

> Designed to enable the cashier to work with the **greatest of ease**, it offers a range of unique features: **the PR4 DR is the only retail printer with automatic slip alignment**, and the only printer that loads new paper rolls (for the journal and receipts) automatically.

General Characteristics

Technology
Dot matrix, 9 pins

Spacing (cpi)

12.5, 16.7 cpi (Epson)

Speed 250/357 cps

Noise level
Less than 66 dB (A)

Characters per line
Receipt
30-38-43 Roll 70 mm (Olivetti)
30-40 Roll 70 mm (EPSON)

Journal
30-38-43 Roll 70 mm (Olivetti)
30-40 Roll 70 mm (EPSON)

Front or top insertion
66-83-95 (OLIVETTI)
66-88 (EPSON)

Printed Line Lenght
Receipt or journal: 2.5"
Front or top insertion: 5.5"

Front Document Aligment
Automatic

Slip Introduction
From front/top

Cheque Introduction
From front/top

Number of copies 1 + 4

Receipt Cutting
Automatic and tear bar

Roll Loading Automatic

Number of Rolls 2

Rill Diameter 85 mm

Roll Width 57, 70 mm

Emulations
EPSON TM-U925
Olivetti

Interface
RS232C, Parallel, USB

Dimension
250 x 253 x 183 mm

Weight 4.5 kg

Drivers
Windows 95/98/W2K/NT4.0/W7

Accesories
Ribbon cartridge 7 mm characters

Electrical Characteristics
24 VDC, 110/240 VAC
Integrated or external power supply
Absorption (max.): 70 w

Options
> External or integrated power supply
> MICR reader
> Customer display and drawer driver board
> Paper support
> Journal cover with jey
